The Info Rail is the ideal display system for displaying cards, posters, drawings and photos on the wall. Thanks to the Info Rail, you can create a tidy, orderly display of your documents. This system means no more damaged walls from thumbtacks, tape and so on, and changing drawings or posters is fast and easy. This hanging system has become particularly indispensable in classrooms and school corridors. The Info Rail is also an ideal system for displaying or sharing information at home and the office.

Easy assembly thanks to clips

The Info Rail has been developed for hanging documents using a triple rubber clamping mechanism in the rail. Paper from 80 g to cardboard 2 mm thick can be firmly clamped into the rail. After mounting the Click & Connect clips to the wall, it's easy to attach the Info Rail to the clips. Available in different lengths and colours, the Info Rail is easy to link to other Info Rails or shortened. Whether you want to display photos or drawings or keep recipes within easy reach, the Info Rail offers the solution.

MULTIFUNCTIONAL
